SYSTEMS OPERATIONS

Signing on to the Mainframe and EIS

These pages will take you step-by-step through the sign-on procedures to access the Mainframe and the Eligibility Information System (EIS).

On the Mainframe access screen (the Main Morning Menu), you will be directed to do the following:

- 1. Enter your logon ID
- 2. Enter your password
- 3. You may also change your password on this screen

On the EIS access screen, you will:

- 1. Enter your security key
- 2. Enter your password

Please follow the steps carefully. If you need additional assistance, you may contact the Help Desk at EISHELP@health.state.ak.us.

NOTE: The instructions tell you to press the <ENTER> key, however some keyboards require that you use the <CONTROL> key instead of the <ENTER> key for some of these functions.

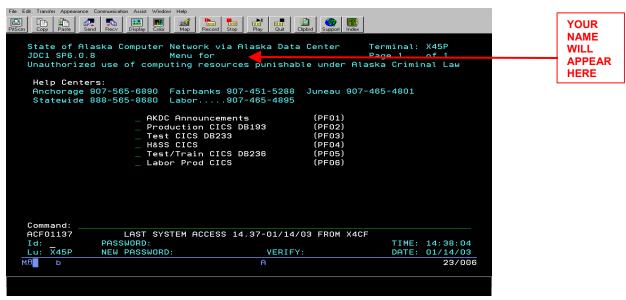

This Network Menu screen for the Mainframe will appear. This screen is referred to as the MAIN MORNING MENU.

- Enter your Logon ID and password.
- If desired, you may tab down to the "New Password" field and enter a new password (it must be at least 7 and not more than 8 characters long).
- Tab over to the "Verify" field and re-type your new password.
- Press <ENTER>.

You will be taken to your <u>personalized Mainframe menu</u>, which will look something like this:

- From your personal menu, select H&SS CICS. The selection can be made either by typing an "X" next to the item, or by using the designated PF key.
- Press <ENTER>.

The next screen to appear will look like this:

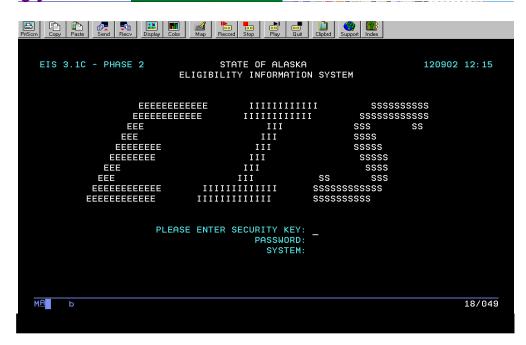

Figure 3

- At the cursor, type HEIS
- Press <ENTER>.

This will bring you to the EIS logon screen.

Figure 4

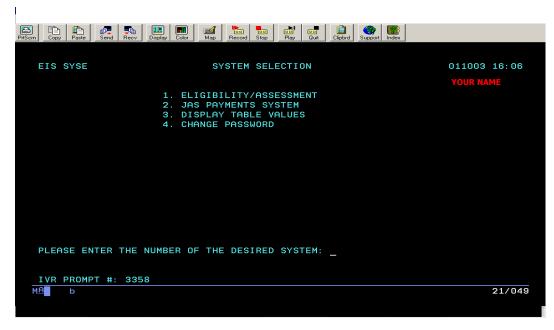

To access EIS, type your Security Key and your password.

Note: the Security Key for EIS is often the same as the Logon ID for the Mainframe.

Press <ENTER>.

You will be taken to the <u>System Selection Menu</u> (SYSE). Your menu may display different options from the ones shown in the example below.

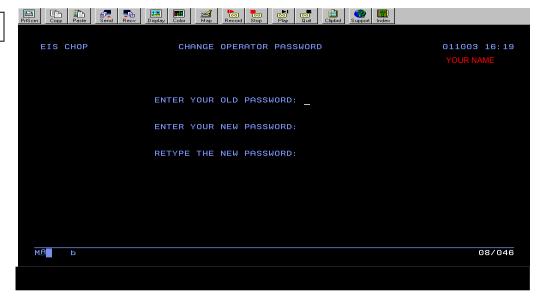

Figure 5

- For Case Processing, enter the number for the ELIGIBILITY/ASSESSMENT option at the cursor.
- Press <ENTER>
- To change your EIS password, enter the number for the CHANGE PASSWORD option at the cursor.
- Press <<u>ENTER</u>>.

The CHANGE OPERATOR PASSWORD (CHOP) screen will appear.

Figure 6

- When your change your EIS password, remember that it must be at least five characters, <u>and</u> it
 must be different from the password you use on the Main Morning Menu.
- Press <ENTER> to return to the SYSE screen.
